

# CAMPUS EIPS HEARTLAND COLLEGIATE

## What is the Heartland Collegiate?

The Heartland Collegiate - provided through Campus EIPS - provides career-focused education programs designed to provide students with real-world skills and post-secondary opportunities while still in high school. Through hands-on learning, industry partnerships, and dual-credit options, students gain valuable experience, certifications, and a competitive edge for their future careers.

## Who Can Enrol?

The Heartland Collegiate programs are open to students entering Grade 11 or 12 or those choosing to return for a fourth year.

It is recommended that students have successfully completed or be co-enrolled in:

- English Language Arts 20-1 or 20-2
- Math 10C
- Science 10
- Five credits in a related 20-level Career and Technology Studies (CTS) course or equivalent work experience.

## Where Are Programs Held?

Heartland Collegiate - through Campus EIPS - is not a single brick-and-mortar school but a network of specialized learning locations - both in-person and online.

**Integrated Schedules:** Dual-credit opportunities integrate with a student's regular high school program to potentially earn post-secondary credits concurrently. These courses can occur;

- In-person
- Online
- Hybrid

*Please visit our website for specific course delivery methods.*

## Pathways

The Heartland Collegiate offers a range of career pathways, each designed to provide students with relevant skills and a direct path to further education or employment.

### HEALTH & HUMAN SERVICES

#### Animal Sciences

Develop foundational knowledge in veterinary sciences, including animal care, health management, and medical procedures.

### EARN COLLEGE-LEVEL CREDITS & CERTIFICATIONS

Students can complete coursework that counts toward both high school and post-secondary. Depending on the program, students may earn:

- Industry-recognized certifications that support career advancement
- Dual credits that transfer to post-secondary institutions
- Workplace experience that enhances employability

### CAREER-FOCUSED, HANDS-ON LEARNING

Students gain practical experience through:

- Specialized labs, workshops and job-shadowing opportunities
- Partnerships with local businesses and industry leaders
- Internship and apprenticeship opportunities

### REDUCED COSTS & TIME TO CREDENTIAL COMPLETION

Campus EIPS covers tuition costs, meaning students only pay for materials. By enrolling in these programs, students may be able to reduce the time needed to complete a post-secondary credential or professional certification—saving time and money.

## BUILDING & INDUSTRIAL TRADES & TECHNOLOGIES

### Building Trades

Gain hands-on experience in construction and skilled trades through practical training and real-world applications.

# Preparing For The Future!

## Heartland Skills Center - Opening 2026-27

Campus EIPS will be opening the Heartland Skills Center in the heart of Fort Saskatchewan for the 2026-27 school year. In consultation with Industry and Post-Secondary partners the Heartland Skills Center will serve as a hub for **hands-on learning, innovation and career readiness** in:

- Health Care
- Industrial Trades
- Introduction to Industrial Trades
  - Millwright, Instrumentation & Controls Technician, Steamfitter-Pipefitter, Electrician
- Power Engineering
- Industrial Safety

## 2030 & Beyond: Heartland Collegiate School

With a long-term vision to be realized by 2030 and beyond, a new Collegiate 7-12 School will reimagine secondary education in Fort Saskatchewan by uniting strong academic foundations with diverse career pathways in a modern, future-ready environment.

Designed to serve students in grades 7 through 12, the Heartland Collegiate School would provide flexible learning spaces, enhanced access to dual credit, apprenticeship, and post-secondary opportunities, and a community-centred model that inspires lifelong learning and success.
